Sonne Screen Video Capture

Introduction

Sonne Screen Video Capture is powerful screen capture software that can capture any part of screen from your desktop, and save the images in BMP or JPG formats. Besides, it offers you the function of capturing video and image from DV, TV Tuner and other capture devices in real time. The captured video files can be saved as AVI (using any compression codec) format. With this full featured capture software, you can view, copy, delete and rename all captured files. You can also set each capture device's properties, watch TV if TV Tuner is installed, add water mark or texts on video or images, and much more...

Sonne Screen Video Capture supports video and audio recording and is simple to choose codec. The easy-to-use and intuitive interface makes you work with Sonne Screen Video Capture enjoyable and easy!

Free Version limitations:

1. Sonne Screen Video Capture Free Version allows you to record files in limited 15 days.
2. Sonne Screen Video Capture Free Version allows you to capture a 5-minute video file at maximum.

Sonne Screen Video Capture

- Preview and record real-time video.
- Adjustable motion detection settings.
- Watch TV (installed TV tuner desired).
- Capture images (bitmap) from video.
- Easy to use interface.

Sonne Screen Video Capture

How to Purchase Sonne Screen Video Capture

As soon as you make your order, our resellers will verify it. Your order will most likely be processed within 1 hour, but in some VERY rare cases it may take resellers more than 24 hours to process your payment.

The registration key will be automatically generated at our server and e-mailed to you immediately after we receive payment confirmation from our e-commerce reseller.

Please do not worry if you haven't received the registration information right away. Delays usually occur due to the high security settings of spam filters used by our clients. Our message may be rejected as a spam message by the mail service you use.

If you haven't got the registration message within several hours, feel free to contact our [Support Team](#) via email.
